Managerial Accounting, 9th Edition / Edition 9 by Susan V ...

Target success with this market bestseller covering all of the key financial and management accounting topics—crafted for readers with no prior accounting experience. Accounting, 5/E explores the accounting issues facing companies such as Target, Nantucket Nectars, Teva, Oracle, and a variety of companies doing e-Business.

The Ninth Edition of Advanced Financial Accounting is an up-to-date, comprehensive, and highly illustrated presentation of the accounting and reporting principles and procedures used in a variety of business entities. This edition continues to provide strong coverage of advanced accounting topics, with clarity of presentation and integrated coverage based on continuous case examples. The text is highly illustrated with complete presentations of worksheets, schedules, and financial statements so that students can see the development of each topic. The book's building block approach introduces concepts with simple examples and then gradually introduces complexity, allowing students to easily keep pace with the material. The key strengths of this text are the clear and readable discussions of concepts and the detailed demonstrations of concepts through illustrations and explanations. The many favorable responses to prior editions from both students and instructors confirm our belief that clear presentation and comprehensive illustrations are essential to learning the sophisticated topics in an advanced accounting course.

Essentials of Advanced Financial Accounting is an up-to-date and highly illustrated presentation of the accounting and reporting principles and procedures used in a variety of business entities. The book is ideal for instructors who have only a single term or semester to teach the core elements of the advanced accounting material that is most frequently represented on the CPA exam; this text contains the essential information on consolidations, multinational entities, partnerships, and governmental and not-for-profit entities. Most one-term courses are unable to cover all the topics included in a traditional comprehensive advanced accounting text. In recognition of time constraints, this text is structured to provide the most efficient use of the time available, while maintaining all the learning support and ancillary materials that cover these essential topics. For students and instructors who would like to cover a wider set of topics, we invite you to examine our comprehensive text, Advanced Accounting, which is now in its ninth edition. The text is highly illustrated with complete presentations of worksheets, schedules, and financial statements so that students can see the development of each topic. Inclusion of all recent FASB and GASB pronouncements and the continuing deliberations of the authoritative bodies provide a current and contemporary text for students preparing for the CPA Examination and current practice. The book's building block approach introduces concepts with simple examples and then gradually introduces complexity, allowing students to easily keep pace with the material.

The most highly regarded resource in financial accounting has been revised and updated to prepare today's students for future career success. The ninth edition of Craig Deegan's Financial Accounting features: ? the most recent changes to the IASB Conceptual Framework for Financial Reporting and the Australian Accounting Standards ? a fully revised contents, a refreshed design and pedagogy ? in-depth analysis, comprehensive coverage and detailed Worked Examples ? new Real-world Case Scenarios, examples, boxes and videos linking theory to real-world applications ? new Opening Questions at the start of each chapter with suggested solutions, and revised end-of-chapter Review Questions and Challenging Questions

"The authors carefully considered how to thoughtfully and meaningfully integrate data analytics into the financial accounting course, and are pleased to provide the following data analytics resources. Data Analytics and Decision-Making The text provides numerous discussions on how decision-makers are increasingly relying on data analytics to make decisions using accounting information. Accounting software systems collect vast amounts of data about a company's economic events as well as its suppliers and customers. Business decision-makers take advantage of this wealth of data by using data analytics to gain insights and therefore make more informed business decisions. Data analytics involves analyzing data, often employing both software and statistics, to draw inferences. As both data access and analytical software improve, the use of data analytics to support decisions is becoming increasingly common at virtually all types of companies"--

More students get accounting when using Weygandt's Financial Accounting, 9th Edition because of the unique Framework of Success created and refined by the authors based on years of teaching and course design experience. The Team for Success is focused on helping millennial students get the most out of their accounting courses in the digital age, and on helping instructors deliver the most effective courses whether face-to-face, hybrid, or online with model course plans designed for easy and effective implementation. Financial Accounting, 9th Edition by Weygandt, Kimmel, Kieso provides students with a clear and comprehensive introduction to financial accounting that begins with the building blocks of the accounting cycle. WileyPLUS sold separately from text.

Forensic accounting is a growing area of practice in which the knowledge, skills and abilities of advanced accounting are combined with investigative expertise and applied to legal problems. Forensic accountants are often asked to provide litigation support where they are called on to give expert testimony about financial data and accounting activities. In other more proactive engagements, they probe situations using special investigative accounting skills and techniques. Some even see forensic accounting as practiced by skilled accounting specialists becoming part and parcel of most financial audits--an extra quality control step in the auditing process that will help reduce financial statement fraud. CCH's Forensic and Investigative Accounting (9th Edition) is a complete and readily teachable text on today's most timely accounting topics. Written by three top accounting and forensic teachers, this text covers all the important underpinnings, as well as the substance of forensic accounting. It covers both litigation support and investigative accounting, examining the practical aspects of these two areas, as well as many of the newer technological areas.

Rated the most satisfying textbook by students in independent research, Spiceland/Sepe/Nelson's Intermediate Accounting, 6th Edition, has the quality, flexibility, and attention to detail students need to master a challenging subject. It's your Vehicle to Success in the Intermediate Accounting course and beyond! Spiceland/Sepe/Nelson provides a decision maker's perspective to emphasize the professional judgment and critical thinking skills required of accountants today. Reviewers, instructors, and student users of Spiceland have enthusiastically embraced the relaxed, conversational writing style that engages students in an enjoyable and effective learning experience. In addition, accounting's preeminent textbook website provides students a wide variety of electronic learning resources, including iPod content. Study Guide, Instructor's Manual, Solutions Manual, Testbank, and Website content are all created by authors, ensuring seamless compatibility throughout the Spiceland learning package. The end-of-chapter material is also written by the author team and tested in their own classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to staying current. The sixth edition fully integrates all the latest FASB Standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition.
