This book addresses this gap, providing an in-depth exploration of the processes which underpin correctional relationships within probation. Through an innovative methodology, it examines how practitioners can enhance their practice by understanding how relationships form, deepen and end effectively. For the first time, it draws on the experiences of offenders and practitioners to uncover the darker side to relationships, identifying how they can rupture and break down.

early correctional experience for women (Dorothea Dix being a notable exception—there will be more about her and her observations about the state of corrections in 1845 in Chapter 3). Yet some of the themes that run through the practice of corrections apply to women and girls as well, but with a twist.

Beginning with sentencing and offender classification and proceeding to parole and reentry, American Corrections: Theory, Research, Policy, and Practice, Third Edition walks students through the entire correctional system and its processes and is the easy choice for undergraduate corrections courses. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

Just as corrections is the largest and fastest growing component of the American criminal justice system, corrections courses are among the largest enrollment, most popular, and most important parts of undergraduate criminology and criminal justice curricula. American Corrections: Theory, Research, Policy and Practice is a comprehensive resource containing both classic and cutting-edge contemporary data on correctional topics drawing from the fields of criminology, criminal justice, sociology, psychology, government, and public policy. It broadly covers the relevant parameters of corrections to provide students with a thorough understanding of the material to facilitate their education and interest in applied or academic careers in corrections. The hallmark of American Corrections: Theory, Research, Policy and Practice is its thesis -- that the American criminal justice system, particularly the corrections domain, is in theory and practice a system for the management of risk. By demonstrating that correctional systems balance public safety with providing treatment and supervision to offenders, American Corrections: Theory, Research, Policy and Practice tells the story of corrections within a coherent, criminological framework.

Rev. ed. of: American corrections: theory, research, policy, and practice. c2010.

~~American Corrections: Theory, Research, Policy, and Practice~~

American Corrections: Concepts and Controversies, by Barry Krisberg, Susan Marchionna, and Chris Hartney, presents an incisive view of every aspect of corrections (including jails, probation, sentencing, prisons, and parole), prompting students to think critically about the complex issues involved in responding to the current crisis in the U.S. correctional system. Incorporating theory, research, and the most recent available data, the book takes a contemporary and issues-oriented approach as it explores the most interesting and progressive developments in correctional policy and practice. Students will come away with practical knowledge, as well as a framework for thoughtful analysis of a subject that can seem mysterious or impenetrable. In addition, the book covers subjects many corrections texts treat only minimally, including women in corrections, the death penalty, and special populations. Perhaps most importantly, the book offers a point of view on what is plaguing the American correctional system and a realistic look at the solutions that offer real promise.

"It is a thorough and focused work on American corrections providing a solid opportunity for students to learn not only how the correctional system works but also to understand its ever increasing complexities." —Dorie Astle, Southwestern Oklahoma State University American Corrections, Second Edition offers students a contemporary, issues-oriented introduction that covers every aspect of corrections, prompting students to think critically about complex issues that are affecting the current U.S. correctional system. Incorporating the most recent theory, research, and data available, the Second Edition encourages students to explore the most interesting and progressive developments in correctional policy and practice. Authors Barry A. Krisberg, Susan Marchionna, and Christopher J. Hartney draw from years of professional experience to give students a practical knowledge of corrections, as well as provide a framework for thoughtful analysis into what is plaguing the American correctional system and a realistic exploration of the solutions that could make a difference. ~~Violent Offenders: Theory, Research, Policy and Practice~~

Violent Offenders: Theory, Research, Policy and Practice contains cutting-edge scholarship on the broad category of criminal predators, including homicide offenders, sex offenders, financial predators, and conventional street criminals.

~~American Corrections: Theory, Research, Policy, and Practice~~

Written by two academic scholars and former practitioners, Corrections: From Research, to Policy, to Practice, Second Edition offers students a 21st-century look into the treatment and rehabilitative themes that drive modern-day corrections. Authors Mary K. Stohr and Anthony Walsh expertly weave together research, policy, and practice to give readers a foundational understanding of the field of corrections.

American Corrections, Second Edition offers you a contemporary, issues-oriented introduction that covers every aspect of corrections, prompting you to think critically about complex issues that are affecting the current U.S. correctional system. Incorporating the most recent theory, research, and data available, the Second Edition encourages you to explore the most interesting and progressive developments in correctional policy and practice. Authors Barry A. Krisberg, Susan Marchionna, and Christopher J. Hartney draw from years of professional experience to give you a practical knowledge of corrections, as well as provide a framework for thoughtful analysis into what is plaguing the American correctional system and a realistic exploration of the solutions that could make a difference. New to the Second Edition: Up-to-date coverage of today ' s key issues reflects the latest developments in corrections, including the fiscal impact of corrections, reforms in corrections, and an expanded use of alternatives to incarceration. Debates around the effectiveness of corrections encourage you to think critically about probation, problem-solving courts, split sentences and flash incarceration, new recidivism studies, rates of racial and ethnic disparity in adult and juvenile corrections, and overrepresentation of youth of color in prisons. Recent trends are discussed to give you a clearer picture of how the correctional system has transformed over the years, including the decline in the practice of incarcerating juveniles in large prisons, the rising incarceration rate for women, the treatment of mentally ill inmates, the increase of private prisons, and more. Incisive exploration of policies proposed by the Trump administration shows you how the current administration ' s approach differs from Obama-era sentencing reforms and encourages students to think critically about the potent impacts on the correctional system. New Spotlight boxes introduce you to key issues such as immigration and detention and the opioid addiction epidemic. Updated references, statistics, court rulings, and data help you understand the latest trends in correctional practices.
