With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes,

If you're red-blooded and somewhere between 35 and 50 the chances are that your first bike was a sports moped. This book takes you on a nostalgic full throttle trip back to the heady days of the 1970s and early 80s when these fabulous little superbikes were available to 16 year-olds. Packed with photos from past and present,
