What Is Social Media Engagement? It is the number of shares, likes, and comments. A big following is great, but an engaged audience is better than a big one—quality over quantity. There are certain metrics used to measure social media engagement. They include: Use of branded hashtags. Mentions. Click-throughs. Audience and followers' growth. Likes. Comments. Retweets/shares. Your followers can naturally start engaging with your content. But often, you may need to encourage them a little. Here are a few tricks to help you with that. Assess your engagement: see how many followers you have, the average number of shares and comments you get on each post and any other relevant numbers. Make sure you continue monitoring these numbers. Choose your strategy: every company has different goals and strategies are, thus, different. Your strategy will depend on your goals. This could be educating the audience, collecting feedback, changing the public perception, etc. Understand your audience: it is not easy to engage people you

Facebook makes it easy for businesses like yours to share photos, videos, and posts to reach, engage, and sell to more than 1 billion active users. You'll discover how to: Maximize your ad ROI with newsfeeds, videos, and branded content Create custom audiences from your contact lists, video views, and page engagement Use the Facebook Campaign Blueprint proven to generate your first 100 conversions Boost your Facebook ads using the Audience Network and Instagram Follow the three-step formula for successful video ads Maximize campaigns and increase conversions on all traffic to your website Track and retarget engaged users by leveraging the Power of the Pixel Make every page on your website 5-10 percent more effective overnight "If anybody can make practical sense of Facebook for marketers, it's Perry. He has his finger on its truth—as advertising media, not social media. He also realizes there is a short window of time during which it offers greatest opportunity. He identified this with Google AdWords. Now, this book shows how to capitalize on ideal timing with this media. Finally, he is a well-disciplined direct-response practitioner who holds this accountable for ROI. I bestow my 'No B.S.' blessing." —Dan S. Kennedy, legendary direct marketing advisor and author of the No B.S. series.
