Harley Vincent is resigned to life in the human world. Sure, being a margay shifter is half her nature, but life among humans gives her the freedom to roam and do as she pleases. That is, until anti-shifter extremists target her, putting her life in immediate danger. When an old acquaintance and onetime fling, Jesse Dalton, shows up to offer the protection of his pack, Harley hesitates. She may have feelings for Jesse that go beyond their one-night stand, but life among shifters means giving over her independence to the needs of pack. Plus Mercury Pack has its own threat to face: a rich half-shifter is determined to claim their territory at any cost. Jesse, who lost his true mate as a child, has wanted Harley since their night together, and he is not letting her go again. They may not be destined for each other, but he knows she belongs to him and with his pack. Even if he can convince her to join him now, can he convince her to stay?"

Gwen Miller may be a human, but she has no problem taking a stand against her own kind. She's going to testify against the teenage boy she saw viciously assault a lone shifter female--and no amount of pressure from the boy's wealthy family will make her back down. But

when the harassment turns violent, help comes in the form of a lean, toned wolf with winter-gray eyes. As a guest at Gwen's inn, shifter enforcer Zander Devlin can't help but notice that the fierce and leggy brunette is in serious trouble. Since she's putting herself at risk for one of his kind, keeping her safe is the least he can do. That's not the only reason Zander wants her close. He desires her, even as the wolf inside him backs away from her. But his feral instincts are hard to keep down, and as they take shape, they're harder for Gwen to resist. Then again, embracing them could be the only thing that could save her life.

When had life stopped being so simple? Probably around the time that Casey Frost first agreed to pay off her drug addict brother's debt to save him from a brutal beating. It soon became a "thing." When the dealer--who's also an Alpha shifter--demands she do something that goes against her very being, Casey decides enough is enough. It's while she's confronting the Alpha that he appears--Eli Axton, a ruthless wolf shifter with a dark reputation. When their eyes lock and the mating urge violently kicks in, she knows her world is about to change. The last unmated male in his pack, Eli feels weary and alone. Seeing his friends so happy makes the Head Enforcer acutely feel the absence of his true mate. He wouldn't have expected to find

her in the parking lot of a shifter fight club, or for her to be such an unusual breed of shifter. Certain that the female enforcer belongs to him, he doesn't hesitate to claim her. Not everyone is happy to see Casey mated, though. Soon danger is coming at them from different angles, threatening the life they're trying to build. Their enemy needs to be eradicated fast. But how did you destroy an enemy when you weren't sure who they were?

They may not be made for each other, but animal instincts are impossible to ignore. Madisyn Drake is a rare breed of cat shifter...a loner, unpredictably wild, and emotionally distant. A recent betrayal has left her ready to sharpen her claws on the next man she sees...until a prowling wolf with steel-gray eyes and a brooding dark edge challenges her distrust. No matter how fully he satisfies her touch-hunger, Madisyn's not ready to open up again, even if it is oh so gratifying. Bracken Slater has earned his reputation as an indomitable predator. Once broken by grief and guilt, Brack is feeling alive again, thanks to the heady scent of this independent feline. Convincing her that they're meant for each other is going to take more than branding Madisyn's beautiful neck. She's not interested in joining an unfamiliar pack, much less answering to an alpha. But when threats from both their pasts take

shape, their unexpected destiny may be the only thing that can save them.

When half-wolf shifter Frankie Newman receives an e-mail from a family member she didn't know existed, a secret is revealed: as a child, Frankie witnessed her father killing her mother...and then himself. Frankie was torn from her pack by her mother's human relatives, and the trauma was erased from her memory. Realizing that she's been lied to her entire life, she's never felt more alone. Until she catches the scent of an old friend--warmly familiar and intoxicating. Trick Hardy, enforcer of the Phoenix Pack, can sense the rush of mutual attraction when he sees Frankie again. He knows immediately that she's his true mate. But he also knows that, given her fragile state, he needs to tread with care--no matter how fierce his surging desires. As aroused as Frankie is by Trick's darkly dominant air and simmering desire, her priority right now is her past--not her future, no matter how tempting. But as more secrets emerge and Frankie's life is threatened, Trick must do everything he can to keep her close and safe. After all, it's their destiny.

common condiments were valued in gold and blood. Spices made sour medieval wines palatable, camouflaged the smell of corpses, and served as wedding night aphrodisiacs. Indispensable for cooking, medicine, worship, and the arts of love, they were thought to have magical properties and were so valuable that they were often kept under lock and key. For some, spices represented Paradise, for others, the road to perdition, but they were potent symbols of wealth and power, and the wish to possess them drove explorers to circumnavigate the globe—and even to savagery. Following spices across continents and through literature and mythology, Spice is a beguiling narrative about the surprisingly vast influence spices have had on human desire. When raven shifter Riley Porter was given sanctuary by the Phoenix Pack, she let them believe she had left her flock. Reluctant to divulge the secrets of her past, she was still embraced as family. Only Tao Lukas, the protective and passionate Head Enforcer of the pack, was resistant to the enigmatic shifter. Until Riley started to arouse in him something other than suspicion. Tao doesn't trust lone shifters, especially ones so guarded—and tempting. But the sexual tension between them is making them both come undone, and vulnerable to more than desire. All Tao wants is for Riley to stay with him and to trust him with the truth of her past. As Riley's mysteries come to light, so does a danger that threatens not only her life but the safety of the entire pack. For Tao, keeping Riley safe means keeping her close—forever—as his mate.

mate wasn't supposed to be cruel and twisted; wasn't supposed to be someone who'd never love or want to claim you. The rumors that her true mate is dead bring her only relief. Bree's intent on moving forward with her life and building a future with someone else. Sadly, the male she wants most is one she can never have--a hot-as-sin wolverine shifter who happens to be her boss ... and the cousin of her predestined mate. Aleksandr "Alex" Devereaux detests being bullshitted, but he's been lying to himself for years--pretending he thinks of Bree as extended family; that he doesn't want her so bad he aches with it; that he can't feel himself weakening against her pull. The night they spend together changes everything. He's done fighting himself on what he wants. Someone isn't happy about that. Possibly the same 'someone' who's playing mind games with Bree, trying to scare her. They're succeeding, because too many leads point to the possibility that the culprit could be the one person that she's determined to believe is dead.
