into five different Social

categories. (i)

Philosophical Research: It is purely qualitative in nature and we are focusing on the vision of others on the content of research.

RESEARCH METHODOLOGY: TOOLS AND TECHNIQUES

There are different types of qualitative research methods like an in-depth interview, focus groups, ethnographic research, content analysis, case study research that are usually used. The results of qualitative methods are more descriptive and the inferences can be drawn quite easily from the data that is obtained.
