One action or linking verb is often more important in the sentence than the other. The second action or linking verb simply provides additional meaning and assists the main word. Turns out a helping action assists with answering what are linking verbs and linking verb examples. So, what is a helping verb exactly? Well, a helping word adds both emphasis to your sentences and describes the possibility of something happening.

*Linking Verbs, Helping Verbs, and Action Verbs*

In conclusion, the difference between a helping verb and a linking verb is the following: - The linking verb is used to CONNECT the subject with something that describes it: "I am tall."-The helping verb is used together with an additional main verb to express the action: "I am running." (The above examples also show you that the same word can be used as a linking verb, as well as a helping verb!) Regarding "has" and "have," they can be used as helping verbs.

## *Difference Between Linking and Helping Verbs*

Linking and helping verbs are not the same. For example, helping verbs come before the main verb in a sentence. They convey time or meaning. Conversely, linking verbs connect the subject to the rest of the sentence. They describe a state of being. To make matters more confusing, there is some overlap between linking and helping verbs.
