Robert Resnick promotes special relativity in his 1967 book “Introduction to Special Relativity”. Starting on page 53 discussing clock synchronization, figure 2-1 illustrates simultaneous lightning strikes in two frames, one resting and the other moving. Signal motion in the rest frame is ballistic while in the moving frame it is absolute.

Introduction to Special Relativity. Robert Resnick. I used this book as an undergrad many years ago in honors first-year physics (along with Purcell's excellent E&M book from the Berkeley Physics Series), and have referred to it from time to time since. It's a clear, patient, matter-of-fact introduction to the subject which takes the time to clarify many of the obscure and seemingly contradictory aspects of special relativity.
