Most people look at the extension of a file and then guess the type of file from that extension. For example, when you see a file with an extension of gif, jpg, bmp, or png you think of an image file, and when you see a file with an extension of zip, you assume the file has been compressed using a zip compression utility.

TIP. Text files, in particular, seem to come with all kinds of nonstandard (that is, unregistered) extensions. Rather than constantly setting up file types for these extensions or using the Open With dialog box, I created a shortcut for Notepad in my %USERPROFILE%\SendTo folder. That way, I can open any text file by right-clicking it and then selecting Send To, Notepad.

Molecular Biology and Biotechnology: basic experimental protocols is a compilation of methods and techniques commonly used in biomedical and biotechnological studies. The book aims to provide ample support to both students and faculty while conducting practical lessons. Four sections are covered in this book—Genomics, Proteomics, Quantitative Biochemistry, and Bioinformatics. A concise introductory note accompanies each protocol/method described for better comprehension. Every topic discussed is supported by actual methods and their expected results, and is accompanied by relevant questions.

Challenging the Westphalian view of international relations, which focuses on the sovereignty of states and the inevitable potential for conflict, the authors from the Borderlands Study Group reconceive borders as capillaries enabling the flow of material, cultural, and social benefits through local communities, nation-states, and entire regions. By emphasizing local agency and regional interdependencies, this metaphor reconfigures current narratives about the China India border and opens a new perspective on the long history of the Silk Roads, the modern BCIM Initiative, and dam construction along the Nu River

in China and the Teesta River in India. Together, the authors show that positive interaction among people on both sides of a border generates larger, cross-border communities, which can pressure for cooperation and development. India China offers the hope that people divided by arbitrary geo-political boundaries can circumvent race, gender, class, religion, and other social barriers, to form more inclusive institutions and forms of governance.
