Mindfulness is living in the moment, not living for the moment. Research shows that the number of people who experience depression and anxiety has slowly but steadily risen in the last 20 years. Feeling overwhelmed by the past or the future takes us away from living in the now, in the present. Too often, we let the present slip away.

Mindfulness: Be mindful. Live in the Moment. by Gill ...

Mindfulness is the energy of being aware and awake to the present moment. It is the continuous practice of touching life deeply in every moment of daily life. To be mindful is to be truly alive, present, and at one with those around you and with what you are doing. We bring our body and mind into harmony while we wash the dishes, drive the car, or take our morning shower.
