Where does business come from? That's the question every real estate agent asks but few have a truthful answer for. In an industry constantly selling the "easy button" and overrun with shiny widgets, agents are pulled in multiple directions at once, each promising that if they "just do this," their dreams of success and fortune will come true. After 20 years in the business, thousands of home sales, and hundreds of thousands of coaching calls, Tim and Julie Harris tell the hard truths about what it really takes to make it in real estate. The new, revised edition of Harris Rules outlines specific, actionable, and proven rules of engagement that any agent—rookie or veteran—can count on as they pursue their real-estate funded goals and dreams. Harris Rules lays the groundwork, beginning with how agents need to think about the business. Moving them forward with a step-by-step action plan, Tim and Julie show agents how to create longevity by scaling the business and then teach them how to monetize it. In this book, you'll learn: - How to control your mindset to get more things done, even when you don't "feel" like it - The ideal schedule of a top-producing agent and how to focus it on what matters, profit - Why you can't rely on only one method of generating leads - How to use the proven Seven-Step Listing Process to win the listing virtually every time - How to really achieve financial freedom With all-new case studies, resources, and Q&As for the highly motivated agent, Harris Rules covers tricky topics with much-needed frankness: making a profit, why having a team isn't the "golden calf," gaining multiple lead sources (that you don't have to pay for!), focusing on listings, and the fact that repetitious boredom does pay off. Tim and Julie will tell you the truth: Harris Rules is the savvy agent's all-inclusive, no-BS guide to succeed in real estate.

Whether you're looking to make a career out of flipping homes or see it as a part-time venture, you can make fast money legitimately. Before you get started, you need to know the right way to flip, regardless of local market conditions and current economic trends. There's more to flipping than redoing a kitchen or staging a property. Every deal is different, and each investor must have a clear business strategy. Expert investors William Bronchick and Robert Dahlstrom have learned how to be successful in all types of markets—and now they share their secrets with you. The book explains what flipping is and isn't, goes beyond the investment of a basic single-family home, and demonstrates how to find, renovate, and sell properties using proven methods. With more than 40 years combined experience in buying and selling investment properties, Bronchick and Dahlstrom explain how to avoid many of the pitfalls and issues that could drain your funds and come back to haunt you. They give systematic approaches on long-term planning, including how to find and work with partners, structure a business, and utilize your specific talents, resources, and aspirations in realistic ways.
