While the Petporte smart flap® Cat Flap can be installed into a metal door, it is highly recommended to test the cat flap functionality prior to installation. The cat flap will not function properly when installed in some metal doors due to potential interference with the cat flap's R.F.I.D. microchip reader. To test

The 4-Way Manual lock allows you to control your cat's access in and out of your home in either direction. Until your pet is thoroughly familiar with using the cat flap, it is a good idea to only use the 4-Way Manual lock in the In or Out position only.
