Robert Lacoste's The Darker Side column has quickly become a must read among Circuit Cellar devotees. His column provides readers with succinct theoretical concepts and practical applications on topics as far reaching as digital modulation to antenna basics. Difficult concepts are demystified as Robert shines a light on complex topics within electronic design. This book collects sixteen Darker Side articles that have been enriched with new, exclusive content from the author. An intro into The Darker Side will give examples of material that can enhance and optimize the way you design. A Scilab tutorial along with Scilab software and all project material will be included with this package so that all projects can be tackled hands-on. It's time to stop being afraid of the dark, let this book easily guide you through the time-draining, problematic elements of your application design. Tips and tricks to enhance design performance Practical advice on topics from digital signal design to electromagnetic interference

This book includes research papers from the 11th National Technical Symposium on Unmanned System Technology. Covering a number of topics, including intelligent robotics, novel sensor technology, control algorithms, acoustics signal processing, imaging techniques, biomimetic robots, green energy sources, and underwater communication backbones and protocols, it will appeal to researchers developing marine technology solutions and policy-makers interested in technologies to facilitate the exploration of coastal and oceanic regions.

Your hands-on guide to GNSS theory and applications, with practical case studies and bundled real-time software receiver and signal simulator.

Get up to speed on GNSS for mobile applications with this practical guide, including step-by-step algorithms and key methods for future systems.

Discusses Uses for the Microcomputer, Including Projects & Methods for Interfacing the Personal Computer with Its Environment

Grace Kelly was swept away when the handsome Prince Rainier, a man she barely knew, asked for her hand in marriage.
