Colorectal cancer is the fourth most common form of cancer in the UK. Due to the invasive nature of the current screening process, only just over half of those offered will take it up. A non-invasive method that can detect the cancer at an early stage could both increase uptake of the screening and improve health outcomes.

Cancer detection - Medical Detection Dogs

In an innovative move, the charity will put its name to this well-established event on the Senior Tour, with the primary aim of the partnership to raise money for the charity and to increase awareness of prostate cancer amongst golfers at the Prostate Cancer UK Scottish Senior Open, which takes place at Archerfield Links Golf Club, from August 27-29, 2015.
