novel by James L. Halperin about a genius who invents an infallible lie detector.

Soon, every citizen must pass a thorough test under a Truth Machine to get a job or receive any sort of license. Eventually, people begin wearing them all the time, thus eliminating dishonesty in all parts of human interaction, and eliminating crime,

What would you pay to know, right now, whether the person in front of you is telling you the truth? In a way, you might say that this information is priceless. It would utterly transform the way that we interact with one another. In 1996, author James Halperin wrote a wonderful book called *The Truth Machine* about precisely
