Contains three trial examination papers with solutions. These are similar in style to the WACE PHYSICS Unit 3 + 4 examination used in Western Australia.

Contains three trial examination papers with solutions. These are similar in style to the WACE CHEMISTRY Unit 3 + 4 examination used in Western Australia.

It was in the 19th and early 20th centuries that Cambridge, characterised in the previous century as a place of indolence and complacency, underwent the changes which produced the institutional structures which persist today. Foremost among them was the rise of mathematics as the dominant subject within the university, with the introduction of the Classical Tripos in 1824, and Moral and Natural Sciences Triposes in 1851. Responding to this, Trinity was notable in preparing its students for honours examinations, which came to seem rather like athletics competitions, by working them hard at college examinations. The admission of women and dissenters in the 1860s and 1870s was a major change ushered in by the Royal Commission of 1850, which finally brought the colleges out of the middle ages and strengthened the position of the university, at the same time laying the foundations of the new system of lectures and supervisions. Contributors: JUNE BARROW-GREEN, MARY BEARD, JOHN R. GIBBINS, PAULA GOULD, ELISABETH LEEDHAM-GREEN, DAVID MCKITTERICK, JONATHAN SMITH, GILLIAN SUTHERLAND, CHRISTOPHER STRAY, ANDREW WARWICK, JOHN WILKES.

This volume brings together teachers, teacher educators, creative writers and literary scholars in a joint inquiry that takes a fresh look at what it means to teach Australian literature. The essays assembled in this volume transcend the divisions that have sometimes marred debates about the place of Australian literature in the school curriculum.
